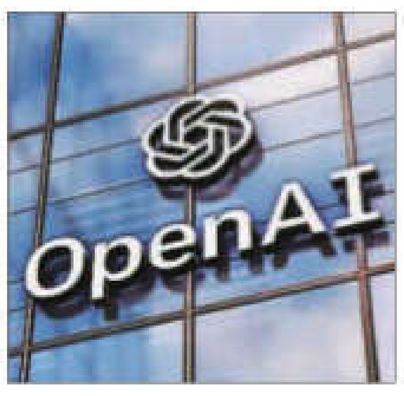
OpenAI staffers to sell $6 billion in shares



BLOOMBERG
August 16

CURRENT AND former OpenAI employees plan to sell approximately $6 billion worth of shares to an investor group that includes Thrive Capital, SoftBank Group and Dragoneer Investment Group, in a deal that values the ChatGPT maker at $500 billion, according to people familiar with the matter.

The talks are early and the size of the share sale could still change, said the people, who asked not to be identified discussing private information. The secondary share investment is on top of SoftBank's commitment to lead OpenAI's $40 billion funding round, which values the company at $300 billion, according to another person familiar with the deal. That round remains ongoing, with OpenAI recently securing $8.3 billion from a syndicate of investors.

Representatives for Dragoneer and Thrive didn't respond to requests for comment. Spokespeople for OpenAI and SoftBank declined to comment. All three firms are existing OpenAI backers.

The secondary share sale, which was first reported by *Bloomberg*, will give OpenAI employees a chance to get cash-rich amid a high-stakes talent war in the artificial intelligence industry. Companies like Meta Platforms Inc. are offering massive salaries to recruit AI talent from OpenAI and other startups. This year, several OpenAI employees have exited for Meta, including Shengjia Zhao, a co-creator of ChatGPT.

Allowing employees to sell shares is an important tool for startups trying to retain top talent, without requiring the company to go public or be acquired.

US calls off India visit for BTA talks

MUKESH JAGOTA
New Delhi, August 16

A SCHEDULED VISIT of the US trade negotiators to New Delhi for the sixth round of negotiations on a bilateral trade agreement (BTA) has been called off, a senior official said on Saturday.

"From their (US) side, the trade negotiations (are) halted, whether (this is) forever or temporary, there's still no idea. They said they won't come for the August 25 meeting," the source added.

The visit of a US team, led by assistant US trade representative Brendan Lynch, was to start from August 25 and go on till August 30. This was expected to be a key platform for both sides to mitigate the sudden escalation of trade tensions after US President Donald Trump doubled the additional tariff (over MFN rates) on India to 50%.

The cancellation of the visit of the US team would also mean that the first tranche of the BTA, which in its full fruition, is conceived to cover several other areas apart from goods trade, may not materialise before the fall of the year, as originally planned.

The initial 25% levy, which came into effect on August 7, is described by the US as 'reciprocal tariff' meant to address trade imbalance with India. Another 25% rate is a punitive one for India's 'continued purchases' of Russian crude oil, and this is slated to come into force by August 27.

The government of India had earlier called the punitive tariff 'unfair and unreasonable', with officials citing purchase of Russian goods by the EU, China and even the US itself.

In his recent Independence Day speech, Prime Minister Narendra Modi made it clear that the country would not accept any agreement that is detrimental to the interests of its farmers and cattle rearers. At the same time, India has never formally closed the avenue for dialogue, the most structured one being the negotiations for BTA.

Electronics exports up 47% in Q1: Goyal

INDIA'S ELECTRONICS EXPORTS surged over 47% year-on-year in first quarter of fiscal year 2025-26 compared to the same quarter in fiscal year 2024-25, Union commerce and industry minister Piyush Goyal said in a post on X.

The exports during the quarter were to the tune of $12.4 billion, he said.

"Our electronics exports have seen a surge of over 47% in Q1 of 2025-26 over the same quarter in 2024-25. It is a sweet success story for 'Make In India', which has led to an exponential growth in our electronics production from $31 billion to $133 billion in a decade beginning 2014-15," he said.

The government has created several enablers for making India Aatmanirbhar in manufacturing. As a result, India has moved from having two mobile manufacturing units in 2014 to over 300 today, he said.

CAN'T STOP RUSSIAN OIL IMPORTS: GOVT

US calls off India visit for BTA talks

MUKESH JAGOTA
New Delhi, August 16

A SCHEDULED VISIT of the US trade negotiators to New Delhi for the sixth round of negotiations on a bilateral trade agreement (BTA) has been called off, a senior official confirmed on Saturday.

"From their (US) side, the trade negotiations (are) halted, whether (this is) forever or temporary, there's still no idea. They said they won't come for the August 25 meeting," the source added.

The visit of a US team, led by assistant US trade representative Brendan Lynch, was to start from August 25 and go on till August 30. This was expected to be a key platform for both sides to mitigate the sudden escalation of trade tensions after United States President Donald Trump doubled the additional tariff (over MFN rates) on India to 50%.

The cancellation of the visit of the US team would also mean that the first tranche of the BTA, which in its full fruition, is conceived to cover several other areas apart from goods trade, may not materialise before the fall of the year, as originally planned. The initial 25% levy, which came into effect on August 7, is described by the US as 'reciprocal tariff' meant to address trade imbalance with India. Another 25% rate is a punitive one for India's 'continued purchases' of Russian crude oil, and this is slated to come into force by August 27. The government of India had earlier called the punitive tariff 'unfair and unreasonable', with officials citing purchase of Russian goods by the EU, China and even the US itself.

In his recent Independence Day speech, Prime Minister Narendra Modi made it clear that the country would not accept any agreement that is detrimental to the interests of its farmers and cattle rearers. At the same time, India has never formally closed the avenue for dialogue.

TALKS IN A LIMBO

- The visit of a US team was to start from August 25 and go on till August 30
- This was expected to be a key platform to mitigate the escalation of tensions after Trump doubled tariffs on India
- The move would mean that first tranche of the BTA may not materialise before the fall of the year

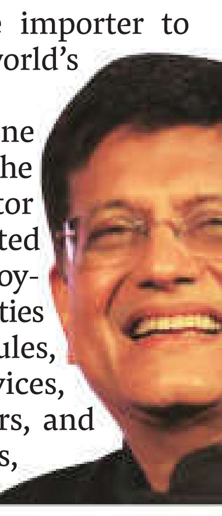
Electronics exports up 47% in Q1: Goyal

INDIA'S ELECTRONICS EXPORTS surged over 47% year-on-year in first quarter of fiscal year 2025-26 compared to the same quarter in fiscal year 2024-25, Union commerce and industry minister Piyush Goyal said in a post on X. The exports during the quarter were to the tune of \$12.4 billion, he said.

"Our electronics exports have seen a surge of over 47% in Q1 of 2025-26 over the same quarter in 2024-25. It is a sweet success story for 'Make In India', which has led to an exponential growth in our electronics production from \$31 billion to \$133 billion in a decade beginning 2014-15," he said.

The government has created several enablers for making India Aatmanirbhar in manufacturing. As a result, India has moved from having two mobile manufacturing units in 2014 to over 300 today, he said.

"One of electronics exports has been our transformation from a mobile importer to becoming the world's second-largest mobile phone manufacturer. The electronics sector has also generated large-scale employment opportunities with solar modules, networking devices, charger adapters, and electronic parts, also playing a key role in strengthening our exports," the X post read.



Exports of electronics goods jumped from ₹38,000 crore in 2014-15 to ₹3.27 lakh crore in 2024-25, an eightfold increase.

In 2014-15, only 26% of the mobile phones being sold in India were made in India; the rest were being imported. It is worth mentioning that today, 99.2% of all mobile phones which are sold in India are made in India. The manufacturing value of mobile phones has surged from ₹18,900 crore in FY14 to a staggering ₹422,000 crore in FY24, Goyal said. **—ANI**

RAPID GROWTH

- Exports of electronics goods jumped from ₹38,000 crore in 2014-15 to ₹3.27 lakh crore in 2024-25
- Electronic exports during the first quarter of FY26 were to the tune of \$12.4 billion
- The manufacturing value of mobiles phones has surged from ₹18,900 cr in FY14 to ₹422,000 cr in FY24

Assessee must heed tax summons by authority: SC

PRESS TRUST OF INDIA
New Delhi, August 16

THE SUPREME COURT has held that an assessee must comply with summons and furnish a response to a show cause notice when it is issued by the central or the state tax authority.

"Assessee" under the Income Tax Act of 1961 refers to any individual or entity that holds the legal liability of tax payment or any other financial commitments as specified by the Act.

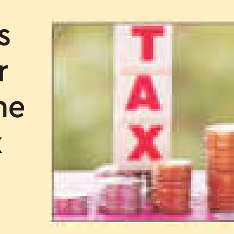
Thus, laying down guidelines to prevent duplication of adjudication by central and state GST authorities, a bench of Justices JB Pardiwala and R Mahadevan said that mere issuance of summons does not enable either the issuing authority or the recipient to ascertain that proceedings have been initiated. "Where a summons or a show cause notice is issued by either the Central or the State tax authority to an assessee, the assessee is, in the first instance, obliged to comply by appearing and furnishing the requisite response, as the case may be," the bench said.

"Where an assessee becomes aware that the matter being inquired into or investigated is already the subject of an inquiry or investigation by another authority, the assessee shall forthwith inform, in writing, the authority that has initiated the subsequent inquiry or investigation," the bench added.

The top court said the respective tax authorities shall communicate with each other to verify the veracity of the assessee's claim after receipt of such intimation. "We say, so as this course of action would obviate needless duplication of proceedings and ensure optimal utilisation of the Department's time, effort, and resources, bearing in mind that action initiated by one authority enures to the benefit of all.

LEGAL LIABILITY

- Mere issuance of summons does not enable either the authority or the recipient to ascertain that proceedings have been initiated, SC said
- The authorities shall communicate to verify the veracity of the assessee's claim after receipt of such intimation, it added
- "Assessee" refers to any individual or entity that holds the legal liability of tax payment



- Any notice issued in respect of a liability already covered by an existing notice shall be quashed

Spl economic packages for investors in Bihar: CM

PRESS TRUST OF INDIA

IN A BID to promote investments in Bihar, chief minister Nitish Kumar on Saturday announced several "special economic packages" for the investors. The CM announced the government's decision in a social media post.

In a post on X, he wrote, "Our government has set a target to provide jobs and employment to one crore youths in the next five years. The government is encouraging those setting up industries and pursuing self-employment in the state by providing various facilities."

"Now, entrepreneurs setting up industries in Bihar will be given a special economic package. To encourage private sectors to set up industries in Bihar, the government has decided to provide a special economic package," he added.

All these facilities will be provided to entrepreneurs for setting up industries within the next six months.

In addition, several other provisions have been made to significantly assist entrepreneurs setting up industries in the state. A detailed notification in this regard will be issued separately, the CM said.

OpenAI staffers to sell \$6 bn in shares

BLOOMBERG
August 16

CURRENT AND former OpenAI employees plan to sell approximately \$6 billion worth of shares to an investor group that includes Thrive Capital, SoftBank Group Corp. and Dragoneer Investment Group, in a deal that values the ChatGPT maker at \$500 billion, according to people familiar with the matter.

The talks are early and the size of the share sale could still change, said the people, who asked not to be identified discussing private information. The secondary share investment is on top of SoftBank's commitment to lead OpenAI's \$40 billion funding round, which values the company at \$300 billion, according to another person familiar with the deal. That round remains ongoing, with OpenAI recently securing \$8.3 billion from a syndicate of investors.

CAN'T STOP RUSSIAN OIL IMPORTS: GOVT

US calls off India visit for BTA talks

MUKESH JAGOTA
New Delhi, August 16

A SCHEDULED VISIT of the US trade negotiators to New Delhi for the sixth round of negotiations on a bilateral trade agreement (BTA) has been called off, a senior official confirmed on Saturday.

"From their (US) side, the trade negotiations (are) halted, whether (this is) for ever or temporary, there's still no idea. They said they won't come for the August 25 meeting," the source added.

The visit of a US team, led by assistant US trade representative Brendan Lynch, was to start from August 25 and go on till August 30. This was expected to be a key platform for both sides to mitigate the sudden escalation of trade tensions after United States President Donald Trump doubled the additional tariff (over MFN rates) on India to 50%.

The cancellation of the visit of the US team would also mean that the first tranche of the BTA, which in its full fruition, is conceived to cover several other areas apart from goods trade, may not materialise before the fall of the year, as originally planned. The initial 25% levy, which came into effect on August 7, is described by the US as 'reciprocal tariff' meant to address trade imbalance with India. Another 25% rate is a punitive one for India's 'continued purchases' of Russian crude oil, and this is slated to come into force by August 27. The government of India had earlier called the punitive tariff 'unfair and unreasonable', with officials citing purchase of Russian goods by the EU, China and even the US itself.

In his recent Independence Day speech, Prime Minister Narendra Modi made it clear that the country would not accept any agreement that is detrimental to the interests of its farmers and cattle rearers. At the same time, India has never formally closed the avenue for dialogue.

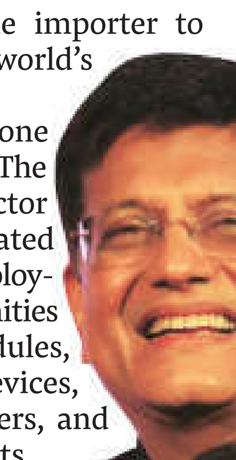
Electronics exports up 47% in Q1: Goyal

INDIA'S ELECTRONICS EXPORTS surged over 47% year-on-year in first quarter of fiscal year 2025-26 compared to the same quarter in fiscal year 2024-25, Union commerce and industry minister Piyush Goyal said in a post on X. The exports during the quarter were to the tune of $12.4 billion, he said.

"Our electronics exports have seen a surge of over 47% in Q1 of 2025-26 over the same quarter in 2024-25. It is a sweet success story for 'Make In India', which has led to an exponential growth in our electronics production from $31 billion to $133 billion in a decade beginning 2014-15," he said.

The government has created several enablers for making India Aatmanirbhar in manufacturing. As a result, India has moved from having two mobile manufacturing units in 2014 to over 300 today, he said.

"One of electronics goods has been our transformation from a mobile importer to becoming the world's second-largest mobile phone manufacturer. The electronics sector has also generated large-scale employment opportunities with solar modules, networking devices, charger adapters, and electronic parts, also playing a key role in strengthening our exports," the X post read.



Exports of electronics goods jumped from ₹38,000 crore in 2014-15 to ₹3.27 lakh crore in 2024-25, an eightfold increase.

In 2014-15, only 26% of the mobile phones being sold in India were made in India; the rest were being imported. It is worth mentioning that today, 99.2% of all mobile phones which are sold in India are made in India. The manufacturing value of mobile phones has surged from ₹18,900 crore in FY14 to a staggering ₹4,22,000 crore in FY24, Goyal said. —ANI

Assessee must heed tax summons by authority: SC

PRESS TRUST OF INDIA
New Delhi, August 16

THE SUPREME COURT has held that an assessee must comply with summons and furnish a response to a show cause notice when it is issued by the central or the state tax authority.

"Assessee" under the Income Tax Act of 1961 refers to any individual or entity that holds the legal liability of tax payment or any other financial commitments as specified by the Act.

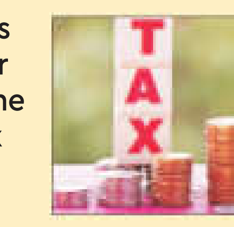
Thus, laying down guidelines to prevent duplication of adjudication by central and state GST authorities, a bench of Justices JB Pardiwala and R Mahadevan said that mere issuance of summons does not enable either the issuing authority or the recipient to ascertain that proceedings have been initiated. "Where a summons or a show cause notice is issued by either the Central or the State tax authority to an assessee, the assessee is, in the first instance, obliged to comply by appearing and furnishing the requisite response, as the case may be," the bench said.

"Where an assessee becomes aware that the matter being inquired into or investigated is already the subject of an inquiry or investigation by another authority, the assessee shall forthwith inform, in writing, the authority that has initiated the subsequent inquiry or investigation," the bench added.

The top court said the respective tax authorities shall communicate with each other to verify the veracity of the assessee's claim after receipt of such intimation. "We say, so as this course of action would obviate needless duplication of proceedings and ensure optimal utilisation of the Department's time, effort, and resources, bearing in mind that action initiated by one authority enures to the benefit of all.

LEGAL LIABILITY

- Mere issuance of summons does not enable either the authority or the recipient to ascertain that proceedings have been initiated, SC said
- The authorities shall communicate to verify the veracity of the assessee's claim after receipt of such intimation, it added
- "Assessee" refers to any individual or entity that holds the legal liability of tax payment



- Any notice issued in respect of a liability already covered by an existing notice shall be quashed

OpenAI staffers to sell $6 bn in shares

BLOOMBERG
August 16

CURRENT AND former OpenAI employees plan to sell approximately $6 billion worth of shares to an investor group that includes Thrive Capital, SoftBank Group Corp. and Dragoneer Investment Group, in a deal that values the ChatGPT maker at $500 billion, according to people familiar with the matter.

The talks are early and the size of the share sale could still change, said the people, who asked not to be identified discussing private information. The secondary share investment is on top of SoftBank's commitment to lead OpenAI's $40 billion funding round, which values the company at $300 billion, according to another person familiar with the deal. That round remains ongoing, with OpenAI recently securing $8.3 billion from a syndicate of investors.

US calls off India visit for BTA talks

MUKESH JAGOTA
New Delhi, August 16

A SCHEDULED VISIT of the US trade negotiators to New Delhi for the sixth round of negotiations on a bilateral trade agreement (BTA) has been called off, a senior official confirmed on Saturday.

"From their (US) side, the trade negotiations (are) halted, whether (this is) forever or temporary, there's still no idea. They said they won't come for the August 25 meeting," the source added.

The visit of a US team, led by assistant US trade representative Brendan Lynch, was to start from August 25 and go on till August 30. This was expected to be a key platform for both sides to mitigate the sudden escalation of trade tensions after United States President Donald Trump doubled the additional tariff (over MFN rates) on India to 50%.

The cancellation of the visit of the US team would also mean that the first tranche of the BTA, which in its full fruition, is conceived to cover several other areas apart from goods trade, may not materialise before the fall of the year, as originally planned. The initial 25% levy, which came into effect on August 7, is described by the US as 'reciprocal tariff' meant to address trade imbalance with India. Another 25% rate is a punitive one for India's 'continued purchases' of Russian crude oil, and this is slated to come into force by August 27. The government of India had earlier called the punitive tariff 'unfair and unreasonable', with officials citing purchase of Russian goods by the EU, China and even the US itself.

In his recent Independence Day speech, Prime Minister Narendra Modi made it clear that the country would not accept any agreement that is detrimental to the interests of its farmers and cattle rearers. At the same time, India has never formally closed the avenue for dialogue.

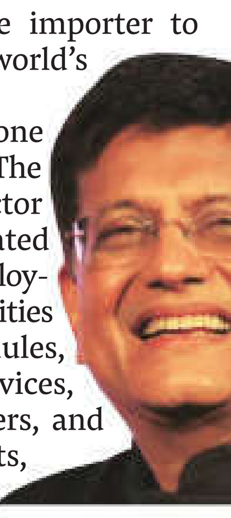
Electronics exports up 47% in Q1: Goyal

INDIA'S ELECTRONICS EXPORTS surged over 47% year-on-year in first quarter of fiscal year 2025-26 compared to the same quarter in fiscal year 2024-25, Union commerce and industry minister Piyush Goyal said in a post on X. The exports during the quarter were to the tune of $12.4 billion, he said.

"Our electronics exports have seen a surge of over 47% in Q1 of 2025-26 over the same quarter in 2024-25. It is a sweet success story for 'Make In India', which has led to an exponential growth in our electronics production from $31 billion to $133 billion in a decade beginning 2014-15," he said.

The government has created several enablers for making India Aatmanirbhar in manufacturing. As a result, India has moved from having two mobile manufacturing units in 2014 to over 300 today, he said.

"One of the examples of this has been our transformation from a mobile importer to becoming the world's second-largest mobile phone manufacturer. The electronics sector has also generated large-scale employment opportunities with solar modules, networking devices, charger adapters, and electronic parts, also playing a key role in strengthening our exports," the X post read.



Exports of electronics goods jumped from ₹38,000 crore in 2014-15 to ₹3.27 lakh crore in 2024-25, an eightfold increase.

In 2014-15, only 26% of the mobile phones being sold in India were made in India; the rest were being imported. It is worth mentioning that today, 99.2% of all mobile phones which are sold in India are made in India. The manufacturing value of mobile phones has surged from ₹18,900 crore in FY14 to a staggering ₹4,22,000 crore in FY24, Goyal said. —ANI

Assessee must heed tax summons by authority: SC

PRESS TRUST OF INDIA
New Delhi, August 16

THE SUPREME COURT has held that an assessee must comply with summons and furnish a response to a show cause notice when it is issued by the central or the state tax authority.

"Assessee" under the Income Tax Act of 1961 refers to any individual or entity that holds the legal liability of tax payment or any other financial commitments as specified by the Act.

Thus, laying down guidelines to prevent duplication of adjudication by central and state GST authorities, a bench of Justices JB Pardiwala and R Mahadevan said that mere issuance of summons does not enable either the issuing authority or the recipient to ascertain that proceedings have been initiated. "Where a summons or a show cause notice is issued by either the Central or the State tax authority to an assessee, the assessee is, in the first instance, obliged to comply by appearing and furnishing the requisite response, as the case may be," the bench said.

"Where an assessee becomes aware that the matter being inquired into or investigated is already the subject of an inquiry or investigation by another authority, the assessee shall forthwith inform, in writing, the authority that has initiated the subsequent inquiry or investigation," the bench added.

The top court said the respective tax authorities shall communicate with each other to verify the veracity of the assessee's claim after receipt of such intimation. "We say, so as this course of action would obviate needless duplication of proceedings and ensure optimal utilisation of the Department's time, effort, and resources, bearing in mind that action initiated by one authority enures to the benefit of all.

LEGAL LIABILITY

- Mere issuance of summons does not enable either the authority or the recipient to ascertain that proceedings have been initiated, SC said
- The authorities shall communicate to verify the veracity of the assessee's claim after receipt of such intimation, it added
- "Assessee" refers to any individual or entity that holds the legal liability of tax payment
- Any notice issued in respect of a liability already covered by an existing notice shall be quashed

CURRENT AND former OpenAI employees plan to sell approximately $6 billion worth of shares to an investor group that includes Thrive Capital, SoftBank Group Corp. and Dragoneer Investment Group, in a deal that values the ChatGPT maker at $500 billion, according to people familiar with the matter.

The talks are early and the size of the share sale could still change, said the people, who asked not to be identified discussing private information. The secondary share investment is on top of SoftBank's commitment to lead OpenAI's $40 billion funding round, which values the company at $300 billion, according to another person familiar with the deal. RESERVE BANK OF INDIA

Redressal of complaints against entities regulated by RBI

Reserve Bank – Integrated Ombudsman Scheme (RB-IOS)

- The Reserve Bank has mandated all its regulated entities to have a mechanism at their end to resolve the complaints received by them from their customers, which is considered as the Internal Grievance Redress Mechanism of regulated entities.
- The Reserve Bank has also put in place an expeditious and cost-free Alternate Grievance Redress Mechanism for resolution of customer complaints relating to deficiencies in services rendered by its regulated entities through the Reserve Bank – Integrated Ombudsman Scheme, 2021 (RB-IOS).
- Banks, Non-Banking Financial Companies (NBFC), Payment System Participants (PSP) and Credit Information Companies (CIC) are considered as regulated entities under the Grievance Redress Mechanism.
- The RB-IOS adopts a "One Nation One Ombudsman" approach for all complaints against any regulated entities. It is therefore no longer necessary for a complainant to identify under which Ombudsman scheme/office, he/she should file a complaint with the Ombudsman.
- The complaints against regulated entities not covered under the RB-IOS are handled at Consumer Education and Protection Cells (CEPCs) for resolution.
- The list of regulated entities covered under the ambit of RB-IOS and CEPC can be accessed by visiting https://cms.rbi.org.in

Note:
- The complaint should contain all requisite details / information as per the complaint form prescribed in the RB-IOS.
- The complaint should not have been dealt with / pending with any other forum (like Courts) or dealt earlier by the RBI Ombudsman.
- **Filing complaint directly with RBI Ombudsman, without approaching the regulated entity, may lead to its rejection.**

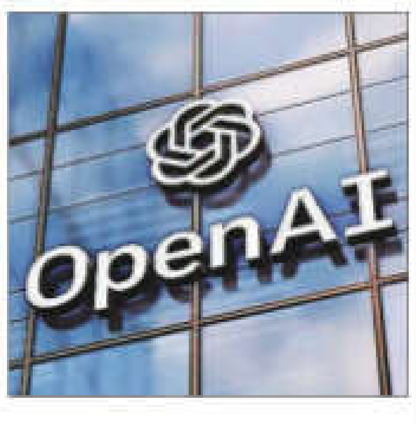
OpenAI staffers to sell $6 billion in shares



BLOOMBERG
August 16

CURRENT AND former OpenAI employees plan to sell approximately $6 billion worth of shares to an investor group that includes Thrive Capital, SoftBank Group and Dragoneer Investment Group, in a deal that values the ChatGPT maker at $500 billion, according to people familiar with the matter.

The talks are early and the size of the share sale could still change, said the people, who asked not to be identified discussing private information. The secondary share investment is on top of SoftBank's commitment to lead OpenAI's $40 billion funding round, which values the company at $300 billion, according to another person familiar with the deal. That round remains ongoing, with OpenAI recently securing $8.3 billion from a syndicate of investors.

Representatives for Dragoneer and Thrive didn't respond to requests for comment. Spokespeople for OpenAI and SoftBank declined to comment. All three firms are existing OpenAI backers.

The secondary share sale, which was first reported by *Bloomberg*, will give OpenAI employees a chance to get cash-rich amid a high-stakes talent war in the artificial intelligence industry. Companies like Meta Platforms Inc. are offering massive salaries to recruit AI talent from OpenAI and other startups. This year, several OpenAI employees have exited for Meta, including Shengjia Zhao, a co-creator of ChatGPT.

Allowing employees to sell shares is an important tool for startups trying to retain top talent, without requiring the company to go public or be acquired.

US calls off India visit for BTA talks

MUKESH JAGOTA
New Delhi, August 16

A SCHEDULED VISIT of the US trade negotiators to New Delhi for the sixth round of negotiations on a bilateral trade agreement (BTA) has been called off, a senior official said on Saturday.

"From their (US) side, the trade negotiations (are) halted, whether (this is) forever or temporary, there's still no idea. They said they won't come for the August 25 meeting," the source added.

The visit of a US team, led by assistant US trade representative Brendan Lynch, was to start from August 25 and go on till August 30. This was expected to be a key platform for both sides to mitigate the sudden escalation of trade tensions after US President Donald Trump doubled the additional tariff (over MFN rates) on India to 50%.

The cancellation of the visit of the US team would also mean that the first tranche of the BTA, which in its full fruition, is conceived to cover several other areas apart from goods trade, may not materialise before the fall of this year, as originally planned.

The initial 25% levy, which came into effect on August 7, is described by the US as 'reciprocal tariff' meant to address trade imbalance with India. Another 25% rate is a punitive one for India's 'continued purchases' of Russian crude oil, and this is slated to come into force by August 27.

The government of India had earlier called the punitive tariff 'unfair and unreasonable', with officials citing purchase of Russian goods by the EU, China and even the US itself.

In his recent Independence Day speech, Prime Minister Narendra Modi made it clear that the country would not accept any agreement that is detrimental to the interests of its farmers and cattle rearers. At the same time, India has never formally closed the avenue for dialogue, the most structured one being the negotiations for BTA.

Electronics exports up 47% in Q1: Goyal

INDIA'S ELECTRONICS EXPORTS surged over 47% year-on-year in first quarter of fiscal year 2025-26 compared to the same quarter in fiscal year 2024-25, Union commerce and industry minister Piyush Goyal said in a post on X.

The exports during the quarter were to the tune of $12.4 billion, he said.

"Our electronics exports have seen a surge of over 47% in Q1 of 2025-26 over the same quarter in 2024-25. It is a sweet success story for 'Make In India', which has led to an exponential growth in our electronics production from $31 billion to $133 billion in a decade beginning 2014-15," he said.

The government has created several enablers for making India Aatmanirbhar in manufacturing. As a result, India has moved from having two mobile manufacturing units in 2014 to over 300 today, he said.
